

Dear store Manager,

I've discovered a great all natural beverage called Hint that would be a perfect fit for your store!

Hint is a line of Unsweetened Essence Waters with zero Sweeteners, zero Calories & zero Preservatives! It tastes great and comes in ten refreshing flavors including watermelon and blackberry. Simply delicious! They've even been featured on CNBC and highlighted in top magazines such as Time and The Wall Street Journal. SELF Magazine voted them "Best Flavored Water" in their July publication!

As a regular customer of your store, I would really appreciate the opportunity to be able to purchase Hint here on a regular basis.

For price and product information,
please contact Hint at: 866.895.HINT (4468)
or email at: info@drinkhint.com.

Thank you!
